4 quite a fively discussion at a greater thanks, is in the city.

5 Mr. J. Watson has returned from the country providing that in state of one cent per mile in watson, which goes to show the many thanks of the country of th

THE NORTHWEST CENTRAL PHOENIX HALL!

ne Proposed Amendment to the bill Likely to Pass.

no was a government work. When the Northwest Central took the place of the Rocky Mountain road this clause was, through some oversight, transierred to the charter of the new company. The North-west Central state in their polition that the Manitoba government has retused to give them assistance under the local railway aid act until this clause, which gives the C.P.R. practically control of the road, is sipped out. No opposition to the measure is ex-pected.

OUR ICE SUPPLY.

Running Streams tive Good Ice.

The city ice men havelaid in turi supply of ice for the coming summer's use, and there is reason to believe that the ice procured from the Assimbious is as usually as as I can be. Impare joe is one of the greatest exist that people of large cities clear is no evidence that it is pure, or that the water from it is fit to be drunk. It is true the coarser particles of even very effensive water are generally tallen below the point where the water turns into i.e.; but four water is constantly enough of the summer of

THE MIRKETS. at Continues to Rise, bu

There is no reson for farmers having wheat to dispose of to deplore the fact that they did not soll. The eastern narkets laxe labored hart to keep down the price, but they now incl that the supply is far short, and are forced to raise the price. Morrealls, questions yesterlay were \$1.31 to \$1.32, and a good stricle here would bring \$1.05. We would not advise farmers to hold, but market at one.
